### **Pulte National Program Pricing – FastPlank® System**

Engage Building Products® agrees to extend an exclusive “Pulte Price” of \$13.00 per square foot to any authorized dealer designated by Pulte Homes for approved Pulte Community Projects within the United States.

This price represents a system price for the FastPlank® system, inclusive of planks and standard FastPlank® accessories.

To participate in the program, the authorized dealer must agree to apply a flat 10% markup exclusively to the installer designated by Pulte Homes. Based on this required markup, the installer’s net price shall land at \$14.44 per square foot.

The Pulte Price of \$13.00 per square foot shall be protected for the duration of each approved project and will not be subject to mid-year or interim price increases once the project has been formally awarded and confirmed by Engage Building Products®.

This pricing applies solely to approved Pulte Community Projects and may not be extended to non-Pulte work. Engage Building Products® reserves the right to verify project eligibility, dealer authorization, and installer designation prior to honoring program pricing.

# V-NOTCH PLANK
